

MARSUPIALS

A bike evolved in our regional habitat

of beaches, suburbs, mountains, and urban jungles. It is a practical and adaptive sport touring bicycle for daily commuting, pleasure road riding, light touring, and adventure.

Frame Design

The strong, lightweight steel tubeset is joined with fillet brazed construction for a light, lively ride. The quick and nimble front end matches your reflexes when riding in a city. The spacious rear triangle is comfortable on long rides and while carrying weight.

Features

Versatile 27-speed drivetrain for varied terrain. Reliable and comfortable bar-end shifters. Adjustable integrated derailleur cable stops. Drop bars for varied hand positions. 700c wheels. Immense stopping power of cantilever brakes. Mounts for 2 water bottles and racks. Clearance for fenders, panniers, and up to a 35mm tire. Bolt-on seat post deters thieves that lack wrench skills. Durable and stylish leather saddle.
